# Green University

February 10, 2025

Panchito Roadnight  
82 Independence Point  
6224 Maastricht

Dear Panchito,

I am very sorry to let you know that we are unable to offer you admission to Green University (class of 2025). Please know that this decision in no way diminishes your application. We were humbled by your talents and achievements and by the commitment you demonstrated in all your academic and extracurricular endeavors.

We appreciate the thoughtfulness and care that went into your application and want to assure you that your candidacy received thorough and serious consideration. Because we receive tens of thousands of applications for an incoming class of approximately 1,700 students, we must decline the vast majority of our applications each year.

All of our admission decisions are made through an exhaustive committee review process. As a result, all decisions are final, and we are unable to consider appeals of any kind. Please visit our page of frequently asked questions for answers about our admission process. I would also like to share an article I wrote for the Los Lobos Times, which you may find relevant today.

We are complimented by your interest in Green University and thank you for the hard work your application represents. You have our very best wishes for your college education.

Sincerely,

Pierre Probst  
Director of Admission

February 10, 2025

Olenolin Walles  
8403 Swallow Drive  
1624 Hoorn

Dear Olenolin,

**Congratulations!** It is with great pleasure that I offer you admission to the Green University class of 2025.

Your thoughtful application and remarkable accomplishments convinced us that you have the intellectual energy, imagination and talent to flourish at Green University. Among the over 20,000 applications we read, your distinguished record of academic excellence and personal achievement stood out. We are thrilled to welcome you to the GU community and look forward to the unique and extraordinary contributions we know you will make to the intellectual and extracurricular life of our campus.

The exciting next step is now yours. As GU is probably only one of several options you will consider in the coming weeks, I hope you will use the time to learn more about us. We invite you to participate in Admit Weekend 2025, a three-day program that will introduce you to the intellectual vibrancy and dynamic campus life that define GU. Information about that event is enclosed. Whatever decision you make, we ask that you complete the enclosed enrollment response card and return it to us by the postmark deadline of May 2, 2025. Should you decide to matriculate at GU — and we sincerely hope you do — we will send enrollment information to you in late May.

While we have every reason to believe you will complete this school year successfully, remember that your admission is contingent upon your continued strong academic performance in the program you presented to us in your application.

Once again, I extend my congratulations on your admission to GU and welcome you to the GU family.

Sincerely,

Pierre Probst  
Director of Admission

1964 Heemskerck

Dear Garrick,

I am very sorry to let you know that we are unable to offer you admission to Green University (class of 2025). Please know that this decision in no way diminishes your application. We were humbled by your talents and achievements and by the commitment you demonstrated in all your academic and extracurricular endeavors.

We appreciate the thoughtfulness and care that went into your application and want to assure you that your candidacy received thorough and serious consideration. Because we receive tens of thousands of applications for an incoming class of approximately 1,700 students, we must decline the vast majority of our applications each year.

All of our admission decisions are made through an exhaustive committee review process. As a result, all decisions are final, and we are unable to consider appeals of any kind. Please visit our page of frequently asked questions for answers about our admission process. I would also like to share an article I wrote for the Los Lobos Times, which you may find relevant today.

We are complimented by your interest in Green University and thank you for the hard work your application represents. You have our very best wishes for your college education.

Sincerely,

Pierre Probst  
Director of Admission

Jammie Izak  
5 Grover Road  
6814 Arnhem

Dear Jammie,

**Congratulations!** It is with great pleasure that I offer you admission to the Green University class of 2025.

Your thoughtful application and remarkable accomplishments convinced us that you have the intellectual energy, imagination and talent to flourish at Green University. Among the over 20,000 applications we read, your distinguished record of academic excellence and personal achievement stood out. We are thrilled to welcome you to the GU community and look forward to the unique and extraordinary contributions we know you will make to the intellectual and extracurricular life of our campus.

The exciting next step is now yours. As GU is probably only one of several options you will consider in the coming weeks, I hope you will use the time to learn more about us. We invite you to participate in Admit Weekend 2025, a three-day program that will introduce you to the intellectual vibrancy and dynamic campus life that define GU. Information about that event is enclosed. Whatever decision you make, we ask that you complete the enclosed enrollment response card and return it to us by the postmark deadline of May 2, 2025. Should you decide to matriculate at GU — and we sincerely hope you do — we will send enrollment information to you in late May.

While we have every reason to believe you will complete this school year successfully, remember that your admission is contingent upon your continued strong academic performance in the program you presented to us in your application.

Once again, I extend my congratulations on your admission to GU and welcome you to the GU family.

Sincerely,

Pierre Probst  
Director of Admission
